

TWISTER T2 TRIMMER CLEANING

Recommended Cleaning Solutions:

- Simple Green Industrial cleaner
- Rubbing Alcohol 99%

Recommended Cleaning Intervals:

- Twister T2 Trimmer - Every 4 hours of use
- Twister T2 Leaf Collector- Every 8 hours of use

Recommended Cleaning Methods:

- Twister T2 Trimmer - Pressure Wash or hand clean
- Twister T2 Leaf Collector - Hand Clean

Recommended Greasing Interval:

- All four bearings (2 on the brush and 2 on the cutting blade) need to be greased every 2000 hours of use.

Cleaning Instructions:

Twister T2 Trimmer

1. Close flap on electrical plug receptacle
2. Remove the tumbler, hopper and shrouds (metal housing that covers the reel blade)
3. Spray everything with Simple Green (for pressure washing) or rubbing alcohol (for hand cleaning)
4. Pressure wash the entire machine, or wipe down by hand. Hand clean tumblers.
5. You can remove the brush and soak in hot water and Simple Green, or you can spray and pressure wash without removing it from machine.
6. Run machine for about 5 minutes to get rid of any excess water.
7. Finish drying with pressurized air nozzle

Twister T2 Leaf Collector

1. Remove Top Filter bag and soak in hot water and Simple Green
2. Remove hose and open housing to access impeller.
3. Remove impeller and clean by hand with Rubbing Alcohol or soak with hot water and Simple Green
4. Clean inside of housing
