Replace every 6 months

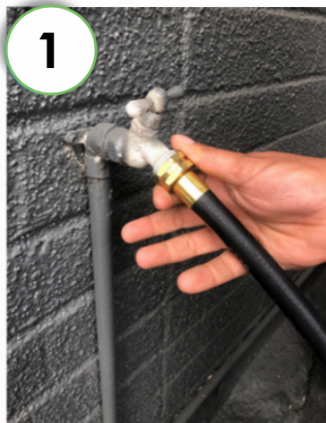

INLINE CATALYTIC GARDEN HOSE FILTER

YOUR PLANTS DESERVE THE BEST!

The Linis Grow inline catalytic garden hose filter assures the water your plants are consuming is pure, clean and virtually chemical-free. Our garden hose filter is easy-to-use, just screw it onto your outdoor garden hose bib and its ready to use! This smart inline garden hose filter features an eco-friendly catalytic carbon filtration system that comes from coconuts and effectively removes 98% of chlorine along with a long list of harmful VOC'S (volatile organic compounds) and chloramine. There's no need to take chances, its easy and affordable to give your plants crystal clean water.

EASY INSTALLATION

1
SCREW THE PROVIDED EXTENSION HOSE TO YOUR GARDEN HOSE BIB

2
ATTACH GARDEN HOSE FILTER TO THE EXTENSION

3
ADD YOUR GARDEN HOSE TO THE END OF THE FILTER

4
NOW YOUR GARDEN HOSE FILTER IS READY TO USE
