

Thank you for purchasing a

nextlight mega

commercial series

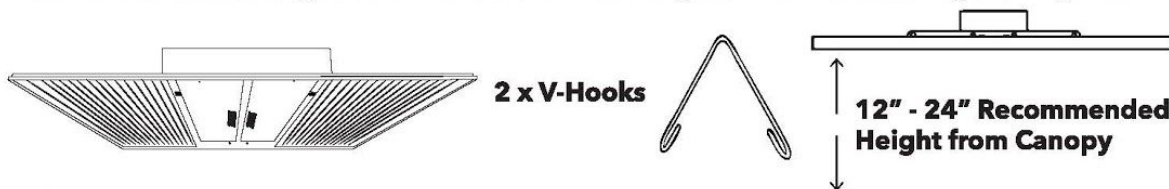

⚠ WARNING: Please read and follow the instructions below before installing and using your NextLight.

Safety Recommendations and Warnings:

- Sharp Edges: Use Extreme Caution
- Do NOT use any Volatile Organic Compounds (VOCs) on or near the light fixture. VOCs can cause damage to LEDs. (including insect foggers)
- Do NOT use the light fixture with a damaged power cord.
- Only use power cords that were supplied with your light fixture.
- Hang light fixture securely so that it cannot fall.
- The light fixture is certified for use in damp and dry locations. Never directly spray water on the light fixture. Do NOT immerse light fixture in water.
- Operate the light fixture within the temperature range of -31 °F and 158 °F.
- Please check and adhere to all local rules, regulations and zoning codes when installing.
- Always disconnect power from the light fixture before moving or cleaning it.
- Do NOT use the fixture near flammable, explosive or reactive substances.
- Do NOT hang by power cord.
- Do NOT attempt to open, rewire or reconfigure any components of the light system. It will void the warranty and could cause serious injury or death.

Proper Use:

- Hang the light fixture using supplied V-Hooks.
- Hang the light fixture at a minimum of 12" from light and plant canopy. Less than 12" distance may burn plants. 12" - 24" recommended height from flowering canopy. 24" - 48" recommended height from veg canopy. Start high, adjust as plants acclimate.
- Recommended coverage is 4' x 4' or 5' x 5' for flowering and 7' x 7' area for vegetative growth.

Cleaning:

- Wipe down outside of light fixture with a damp rag.
- Dry thoroughly with a chamois or moist cellulose sponge to prevent water spots.
