

ona storm

Turn it on. Forget About It...and Any Odors.

The ONA Storm is an easily installed floor unit that quietly and effectively destroys odors. Loaded with a 20 liter pail of ONA Gel, it will provide high volume, high capacity odor control in the worst odor conditions.

Using less power than a light bulb, the ONA Storm provides odor control for up to 10,000 square feet.

The ONA Storm is ideal for neutralizing airborne odors in larger facilities such as schools, gymnasiums and office buildings. It is also very effective in large areas where strong and problem odors are present.

With its adjustable airflow control, it evenly distributes ONA for areas up to 10,000 square feet (1,100 square meters). The fan speed is controlled by an easily adjusted switch with virtually unlimited speeds for airflow up to 225 cubic feet per minute (cfm).

The ONA Storm is specifically designed to be used with the large capacity 20 liter ONA Gel pails.

The ONA Storm is very practical as it can be set anywhere and has very low power requirements - maximum 90 watts.

Ona permanently eliminates any airborne odors, cleanly and effectively. Ona is environmentally friendly, non-toxic and easy to use. Ona is an industrial strength odor neutralizer, yet can be safely used around people and pets. Everyone who uses it knows...ona works great to make those bad smells disappear. Pets, plants, garbage, smoke, germs, mildew - all are gone with the power of ONA.

The ONA Storm is compact, light and easy to place wherever odors are prevalent.

ONA Storm dispenses ONA Gel from a long, lasting, 20 liter container.

Make Odor Problems Gone.

Eliminate them permanently with **ona**.
