

1 Identification

Product identifier

Product name: **HGV Flowering Formula**

Application of the substance / the mixture Fertilizer

Uses advised against None

Details of the supplier of the safety data sheet

Manufacturer/Supplier:

HGV Opco LLC
1730 S. Federal Hwy., Suite 274
Delray Beach, FL 33483
1 (213) 669-6877

Emergency telephone number Chemtrec 1-800-424-9300 CCN: 1014486

2 Hazard(s) identification

Classification of the substance or mixture The product is not classified, according to the Globally Harmonized System (GHS).

Label elements

GHS label elements None

Hazard pictograms None

Signal word None

Hazard statements None

Other hazards

Results of PBT and vPvB assessment The components in this formulation do not meet the criteria for classification as PBT or vPvB.

PBT: Not applicable.

vPvB: Not applicable.

3 Composition/information on ingredients

Components:

CAS: 7487-88-9	Magnesium Sulfate, n-hydrate	Trade Secret%
CAS: 7778-77-0	Monopotassium phosphate	Trade Secret%
CAS: 7778-80-5	Potassium sulfate	Trade Secret%
CAS: 15708-41-5	Ferric EDTA, Sodium Salt	Trade Secret%
CAS: 10043-35-3	Boric acid	Trade Secret%
	Toxic to Reproduction 1B, H360	

(Contd. on page 2)

Printing date 09/18/2024

Version number 1

Reviewed on 09/18/2024

Product name: HGV Flowering Formula

CAS: 10034-96-5	Manganese (II) sulfate monohydrate	Trade Secret%
	Specific Target Organ Toxicity - Repeated Exposure 2, H373	

Additional information:

In accordance with paragraph (i) of §1910.1200, the exact percentage (concentration) of composition of the mixture ingredients has been withheld as a trade secret.

4 First-aid measures**Description of first aid measures**

After inhalation: Get medical advice/attention if you feel unwell.

After skin contact:

If on skin: Wash with plenty of soap and water.

Wash contaminated clothing before reuse.

If skin irritation or rash occurs: Get medical advice/attention.

After eye contact:

If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

If eye irritation persists: Get medical advice/attention.

After swallowing:

Do NOT induce vomiting.

Get medical advice/attention if you feel unwell.

Most important symptoms and effects, both acute and delayed

Any additional important symptoms and effects are described in Section 11: Toxicological Information.

Indication of any immediate medical attention and special treatment needed First Aid, decontamination, treatment of symptoms.

5 Fire-fighting measures**Extinguishing media****Suitable extinguishing agents:**

In case of fire: Use water spray to extinguish.

Dry extinguishing powder

Carbon dioxide

Foam

For safety reasons unsuitable extinguishing agents: None known

Special hazards arising from the substance or mixture The product itself is not combustible.

Advice for firefighters

Protective equipment: Wear a self-contained breathing apparatus and chemical resistant suit.

Additional information

Move undamaged containers from immediate hazard area if it can be done safely.

Electrostatic discharge may trigger a dust explosion if sufficient quantities of combustible particle are suspended in air.

(Contd. on page 3)

Printing date 09/18/2024

Version number 1

Reviewed on 09/18/2024

Product name: **HGV Flowering Formula****6 Accidental release measures****Personal precautions, protective equipment and emergency procedures:** Ensure adequate ventilation.**Environmental precautions:** Collect spillage.**Methods and material for containment and cleaning up:**

With a shovel and scoop, place material into clean, dry container. Move containers from spill area. Minimize airborne particulates.

Reference to other sections

See Section 7 for information on safe handling.

See Section 8 for information on personal protection equipment.

See Section 13 for disposal information.

7 Handling and storage**Precautions for safe handling:**

Ensure adequate ventilation.

Wear personal protective equipment. See section 8.

Prevent formation of dust.

Information about protection against explosions and fires: No special measures required.**Conditions for safe storage, including any incompatibilities****Information about storage in one common storage facility:** Keep away from food, drink and animal feeding stuffs.**Further information about storage conditions:**

Collect spillage.

Dispose of contents/container in accordance with local/regional/national/international regulations.

Store locked up.

Specific end use(s) No further relevant information available.**8 Exposure controls/personal protection****Additional information about design of technical systems:**

Technical measures and the application of adequate working methods take priority over the use of personal protection equipment.

Use process enclosures, local exhaust ventilation or other engineering controls to keep worker exposure to airborne contaminants below any recommended or statutory limits.

Control parameters**Components with limit values that require monitoring at the workplace:**

The following constituents are the only constituents of the product which have a PEL, TLV or other recommended exposure limit.

CAS: 10043-35-3 Boric acid

TLV	Short-term value: 6* mg/m ³
	Long-term value: 2* mg/m ³
	*as inhalable fraction, A4

(Contd. on page 4)

Reviewed on 09/18/2024

Product name: HGV Flowering Formula

CAS: 10034-96-5 Manganese (II) sulfate monohydrate	
PEL	Ceiling limit value: 5 mg/m ³ as Mn
REL	Short-term value: 3 mg/m ³ Long-term value: 1 mg/m ³ as Mn
TLV	Long-term value: 0.02* 0.1** mg/m ³ as Mn; A4, *respirable **inhalable fraction

Regulatory information

TLV: Guide to Occupational Exposure Values (TLV)

PEL: Guide to Occupational Exposure Values (OSHA PELs)

REL: Guide to Occupational Exposure Values (NIOSH RELs)

Regulatory information

Monitoring of substance concentrations in air at the workplace may be necessary to ensure compliance with official exposure limit values and adequacy of exposure controls. For some substances biological monitoring may also be appropriate. For further information contact the supplier or the competent authorities.

Exposure controls**Personal protective equipment:****General protective and hygienic measures:**

Follow good industrial hygiene practices.

Do not eat, drink or smoke when using this product.

Launder contaminated work clothing separate from regular laundry.

Breathing equipment:

Respiratory protection should be worn when there is a potential to exceed the exposure limit requirements or guidelines. If there are no applicable exposure limit requirements or guidelines, use an approved respirator where indicated by your risk assessment process.

Protection of hands:**Material of gloves** chemical resistant gloves**Penetration time of glove material**

The exact break through time should be determined by the manufacturer of the protective gloves and should be observed.

Eye protection: Safety glasses**Body protection:**

Wear protective clothing as necessary to minimize prolonged skin contact. Selection of specific items will depend on task.

9 Physical and chemical properties**Information on basic physical and chemical properties****General Information****Appearance:****Form:** Granulate

Other information	No further relevant information available.

10 Stability and reactivity

Reactivity The product is stable under standard conditions (temperature, pressure) of storage and handling.

Chemical stability The product is stable under standard conditions (temperature, pressure) of storage and handling.

Possibility of hazardous reactions No dangerous reactions known under normal conditions of use.

Conditions to avoid

Avoid extremely high heat, fire, and active metal.

Avoid the accumulation of dust in the work area.

Incompatible materials: Combustible/ flammable materials

Hazardous decomposition products:

In case of fire, the following can be released:

Nitrogen oxides (NOx)

Phosphorus oxides (POx)

16 Other information

The above information describes exclusively the safety requirements of the product and is based on our present-day knowledge. The information is intended to give you advice about the safe handling of the product named in this safety data sheet, for storage, processing, transport and disposal. The information cannot be transferred to other products. In the case of mixing the product with other products or in the case of processing, the information on this safety data sheet is not valid for the new made-up material.
