

AN ECOSYSTEM IN EVERY BAG

THE FLAVOR IS IN THE MIX

SOHUM LIVING SOILS

What Plants Crave

SoHum Living Soils® Premium Grade Potting Mix was hand-crafted by growers for growers. Providing a nutrient dense mix to optimize plant growth for the entire annual life cycle of a plant in indoor/outdoor container cultivation systems. Please visit www.SoHumSoils.com to determine appropriate container size for desired plant height.

DIRECTIONS: For use in all sizes of containers. JUST ADD WATER. For best results, use water with pH range of 6 to 7.

1. Fill growing container 2/3 full with SoHum Living Soils® Premium Grade Potting Mix.
2. Place transplant in container.
3. Top off remainder of container with SoHum Living Soils® Premium Grade Potting Mix.
4. Thoroughly water in transplant.
5. Continue to water plant as needed and only add fertility if deficiencies are observed.
