FPT Foliar	2-4ml	2-4ml	2-4ml	2-4ml								Water Only
FCB Foliar (Stress Manager) *	5ml Foliar	5ml Foliar	5ml Foliar	5ml Foliar	5ml Foliar							Water Only

NOTES:

Apply 3-5 grams or 1 tsp per garden pot, depending on water usage and soil (pot) volume.

Apply ¼ cup for every 25 gallons of soil volume. Adjust according to water usage and crop nutrient requirements. Apply twice per year or twice per plant cycle.

Organics Alive Granular is slow release fertilizer (SRF). It needs moisture to release. Please make sure if it is top dressed, that moisture can reach it.

FCB Foliar Stress Manager is a foliar application only. Does not harm soil but is non-active in soil.

TRIO Foliar- V-N 1tsp per gallon, FCB 2-4 ml per gallon, FPT 2-4 ml per gallon.

YOU WILL NEED CALMAG.
