Derived from amino acids, ferrous sulfate, calcium carbonate, calcium hydroxide, calcium oxide, calcium silicate, calcium sulfate magnesium oxide, boric acid, copper sulfate, manganese sulfate, zinc oxide and IDS.

Amino Acid Profile

Cystine	Alanine	Arginine	Aspartic Acid
0.8	2.7	3.4	4.0
Glutamic acid	Glycine	Histidine	Isoleucine
5.9	4.6	0.6	1.6
Leucine	Lysine	Methionine	Phenylalanine
3.9	0.9	0.3	2.8
Proline	Serine	Threonine	Tyrosine
6.1	7.1	2.6	0.7
Valine	Amino Acid %	N content	
3.2	64.4	7.9	

CAUTION: KEEP OUT OF REACH OF CHILDREN

WARNING

Causes skin irritation. Causes eye irritation. Suspected of damaging fertility or the unborn child.

PRECAUTIONARY STATEMENTS:

Do not handle until all safety precautions have been read and understood. Wash skin thoroughly after handling. Wear protective gloves/protective clothing/eye and face protection.

IF ON SKIN: Wash with plenty of with soap and water. If skin irritation occurs: Get medical advice/attention.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do. Continue rinsing. If eye irritation persists: Get medical attention/advice.

IF exposed or concerned: Get medical advice/attention.

Take of contaminated clothing and wash it before reuse. Store in a well-ventilated place. Store locked up. Dispose of contents/container to an approved waste disposal plant in accordance with local/regional/national regulations.

WARNING: The use of Boron on any crops other than those recommended may result in serious injury to the crop. Contact your county agent or field representative before making application.

Do not apply near water, storm drains or drainage ditches. Do not apply if heavy rain is expected. Apply this product only to your lawn and sweep any product that lands on the driveway, sidewalk, or street back onto your lawn.

General Information

Pennamin® Perfect-K powder contains **8% N, 9% K₂O, 5% Ca, 2% Mg, 0.02% B, 0.05% Cu, 0.1% Fe, 0.05% Mn and 0.05% Zn**, as well as a blend of 17 different *L-amino acids*, **100% of which are free amino acids**. Amino acids are a source of organic nitrogen, an essential nutrient for all plants and microorganisms, and are easily broken down and digested.

Pennamin Perfect-K is rapidly absorbed through the stomates and trans-located within the plant to correct micronutrient deficiencies and enhance general vigor.

Mixing Instructions

Fill tank with half the water, add **Pennamin Perfect-K** while agitating solution, then add balance of water.

General Recommendations

Pennamin products can be incorporated into liquid fertilizers or applied separately. Soil applications may be made either by sprinkler or band application.

Use a minimum of 5 gallons of water per pound of Pennamin.

Pennamin Perfect-K can be used on turf, ornamentals, flowers, fruits, vegetables, tree and vine crops, row crops, field crops, trees, etc.

Application Rate:

Apply 1.0 to 5.0 pounds of **Pennamin Perfect-K** per acre (0.4 to 2.0 ounces per 1,000 ft²).

For trees, tree crops and vines crops dilute 0.5 - 2.0 pounds of Pennamin Perfect-K in 125 gallons of water.

Timing of foliar sprays:

- Apply every 14 to 28 days as needed.
- Applications on turf and ornamentals can be made through out the growing season.

Note: Frequent applications at lower rates are generally more effective than fewer applications at higher rates.

Compatibility

DO NOT mix with Phosphates

Do not mix with pesticides or other chemicals without a compatibility test. **Pennamin Perfect-K** is compatible with most common foliar pesticides and nutrients; however, USER ASSUMES FULL RESPONSIBILITY to ensure compatibility when tank mixing with other products.

Conditions of Sale

Seller warrants this product consists of the ingredients specified and is reasonably fit for the purpose stated on this label when used in accordance with directions under normal conditions and use. No one other than an officer of the seller is authorized to make any warranty, guarantee, or direction concerning this product. Because time, place, rate of application and other conditions of use are beyond the seller's control, the seller's liability from handling, storage, and use of this product is limited to replacement of the product or a refund of the purchase price.

Information regarding the contents and levels of metals in this product is available on the internet at <http://www.aapfco.org/metals.htm> or by writing to LidoChem, Inc. at the address on this label and referring to the lot/batch # on this container.
