

ONE 'N DONE COMMERCIAL FABRIC POTS

High quality 150 g/m2 fabric pots for affordable single use applications.

Strong, uniform material that won't let you down when you need it most.

High quality reinforced seams that can take a beating.

THE GRO PRO® ONE 'N DONE™ COMMERCIAL FABRIC POTS

These pots are designed as a single-use product for professional indoor commercial operations. The **One 'n Done™** is constructed from high-quality, non-woven 150 gram weight material for impressive durability at an economical price. These pots provide excellent support and feature breathable fabric, allowing oxygen to be available at the root zone to encourage vigorous plant growth. The user-friendly packaging and large case quantities make the **One 'n Done™** the perfect solution to keep your operation running smoothly.
