Purple Cat is a premium liquid nutrient package containing calcium, magnesium, and macronutrients for hearty flowers.

DIRECTIONS FOR USE:

Root drench during all stages to supplement calcium and magnesium. Use 0.5 mL–1.5 mL per liter of water by root drench for vegetative plants. Use 1.5 mL–2.5 mL per liter of water by root drench for transitioning or blooming plants. As a foliar, use at a rate of 0.5 mL–0.75 mL per liter of water.

SHAKE WELL BEFORE USING.

KEEP OUT OF THE REACH OF CHILDREN.

STORAGE CONDITIONS:

Store in original container in clean, dry area and avoid temperature extremes.
