PYTHON 600

By Tom's TUMBLER

Trims up to 600 pounds PER HOUR or 6,000 pounds PER DAY

The Python's unique patented continuous feed bladeless technology is super fast, while still maintaining the structural integrity of the flower, producing hand trimmed quality.

GENTLE	Bladeless technology
FAST	High volume processes 600 lb per hour
EXTREMELY QUIET	Compared to other machines on market
TRIMMING MECHANISM	Gentle friction from buds rolling over each other
INTERCHANGEABLE MESHES	Stainless steel and food grade plastic
INDUSTRIAL QUALITY	Made of stainless steel, heavy-duty motors, bearing and speed controls
TURN KEY	Fast setup
FINE TUNABLE	Various adjustments assure optimal outcomes
MINIMAL MAINTENANCE	Easy to clean
WARRANTY	3 year full warranty
AFFORDABLE	Fast ROI
OPTIONAL FEATURES	Kief extraction screens and dust collector

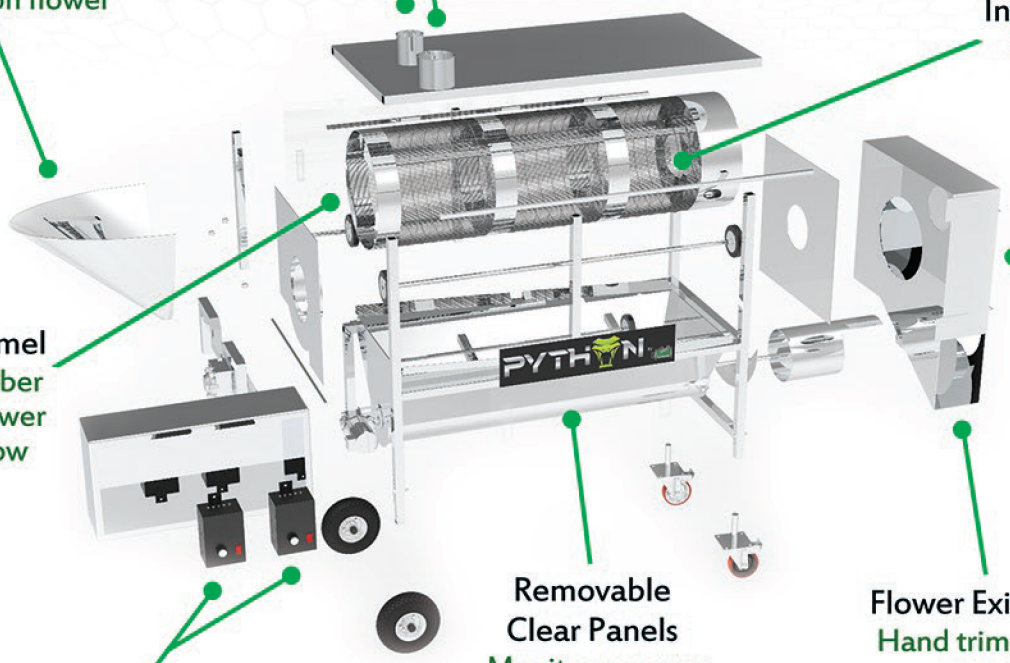
PYTHON By Tom's TUMBLER

PYTHON 600



Kief Collector
Hose connection for kief / dust collector

Gravity Feed
Gentle on flower

Interchangeable Mesh Nets
Customize your outcomes

Trim Shoot
Sorts

Trommel
Chamber for flower to flow

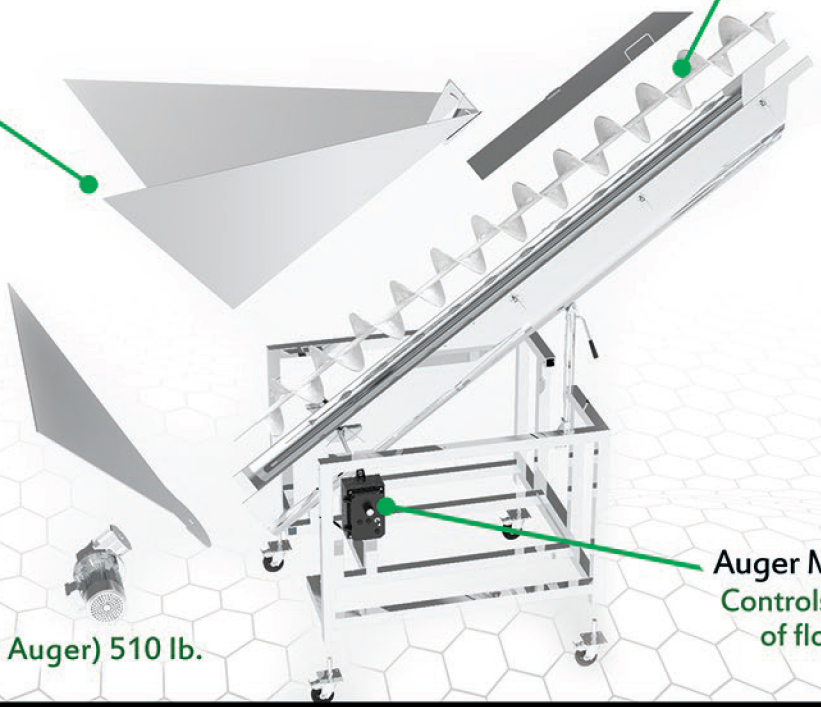
Removable Clear Panels
Monitor process and easy to clean

Flower Exit Shoot
Hand trim quality output

Adjustable Speed Controls
Control flow & tumble speed

Feed Screw Auger
Food Grade Plastic

Feed Hopper
For large volume continuous feed



Auger Motor
Controls rate of flow

PYTHON 600 DIMENSIONS:

TROMMEL CYLINDER CHAMBER:
26 inches diameter

MAIN FRAME UNIT:
10' 10" L x 4' W x 6' 6" H

HOPPER:
11' 3" L x 5' W x 8' 2" H

WEIGHT:
Main Frame: 969 lb. / Feeder Hopper (Screw Auger) 510 lb.
